1 RESOURCE

<https://www.cnil.fr/intelligence-artificielle-ia>

CNIL offers us a complete resource on AI.

It includes a glossary, resources and reading tips. Moreover, the purpose is to contribute to this monitoring.

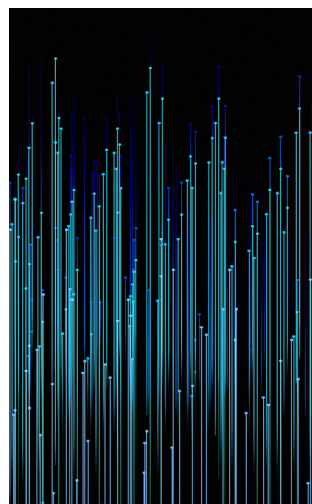

So if you want to contribute: ia@cnil.fr

1 ACTIVITY

What is AI?

If you were to bring up AI in your classes, how would you do it? Here is a ready-to-use resource:

1 READING RECOMMENDATION

We recommend **Jérémie DRES'** comic book "Les défis de l'intelligence artificielle" / The Challenges of Artificial Intelligence (Editions First - collection La vie en bulles - 01/2021). Jérémie takes us into the world of research labs and we follow him as he develops his skills in the field of AI. It is suitable from junior high school level.

1 WEBINAR

The webinar replay «Practicing machine learning with your students» co-hosted with Damien from the Vittascience team is available.

1 DATE

2018

Do you know Michihito Matsuda? This Japanese candidate in the Tama mayoral elections ran for office with an AI. His policy was to rely on it for future political decisions. He obtained 9% of the votes.
